Special thanks to all who participated today, particular thanks to Jay P. who gave the second part of his workshop on the Concepts, for action committee coordinators and for those who volunteered to lead the AI-Anon meetings. I want to particularly thank our tech team for making this Assembly work so well virtually again! We could not have done it without all of you! I am always grateful to be a part of this Area Assembly as your Alternate Chair.

As many of you know in the past, the Alternate Chair gives out the spirit stick to the district who has the most people in attendance at Assembly. Today, since we have had a long but fruitful day, and the day has gone well past the scheduled ending time we will give the spirit stick to all districts we are all winners todaygood work to all Area Assembly attendees!

The Spirit Stick winners are all members present at Area Assembly.

Schedule: Remember that the trial weekend schedule will be extended until the last Assembly weekend in 2021 at which time we will need to make a decision as to continue the trial, revert back to the previous schedule or start a completely new trial with a completely different format. The KBDM for this existing trial is posted on the website for your review. As we discussed in the business meeting yesterday, if you have any comments or thoughts around this KBDM, please contact me by email. I will compile a list to add to the existing KBDM.

Action Committee Assignments: I will be calling on some of our longtime members to give some perspective on the Action Committee Assignments. I will have an update on this at the November Assembly.
