

Alateen Coordinator Report

LA Area 22 Assembly January 15, 2022 & AWSC January 16, 2022

- Public outreach for Alateen is critical. There are many other Public Outreach opportunities, please feel free to email me at, (AlateenCoordinator@la-al-anon.org) and/or Randy W. your Area Alateen Process Person, (AAPP@la-al-anon.org) for any help. Gina R. our Public Outreach Coordinator has also been working closely with Alateen for outreach, and we appreciate the help!
- We have 3 Alateen meetings meeting in person, Covington, Lafayette and Shreveport.
- There are Districts and Intergroup/AIS that have an Alateen Coordinator, and this will really help to spread the work of Alateen outreach into smaller “bite size” pieces! Please look in your heart if there is an open Alateen service position that you can fill! One of my goals for 2022 will be to concentrate on outreach and to have Alateen groups and/information accessible all over the state.
- The task force has completed working on the LA Area 22 Safety and Behavioral Requirements and is waiting on WSO to finish reviewing them. They are extremely behind.
- Just a reminder, we still have a unique opportunity for local AMIAS, (Al-Anon Members Involved in Alateen Service), to “bring” teens to the Lafayette Zoom Meeting if they are trying to get an Alateen group started in their district(s). This is the time to start building an Alateen group so that if it starts with only one teen; there are several teens in the group to support them as you build up a meeting. Per clarified WSO guidelines, Alateens in LA Area 22 can attend any Alateen electronic meeting within LA Area 22 with or without their own AMIAS joining. However, no Alateen from outside of the state may attend Alateen meetings in LA Area 22 even with their AMIAS. These meetings will now only be on Monday’s at 7pm.
- The training portion for current and new AMIAS will be complete and reviewed by that task force by Assembly or the week after! Danielle has completed a test for after someone takes the initial training. I have taken the test, and this will be going live with the initial training. Just FYI, the initial training will be available for self-training and testing online. The reoccurring training, which will happen in the beginning October will be by zoom as well as available online for anyone who cannot make that zoom training. All testing will be online. I will be working with GW on how to place AMIAS information, the initial training, as well as the continuing training on the website.
- WSO has extended the deadline for the submission of Alateen sharing’s to 03/31/2022 for the Just for Tonight Alateen Bookmark.

For any help or questions about Alateen please email us at:
