The 2016 Alateen Survey results are in!

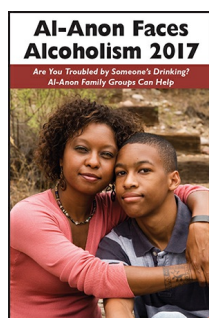

Here are some of the highlights from the survey, offered from March 1- March 20, yielding 170 complete responses by Alateens:

- “AMIAS sponsorship” was regarded as the most important factor in terms of its impact on the success of the Alateen program
- The average age range allowed in respondents’ Alateen home group meetings was from age 10 to age 19, and 82% of respondents said they agreed with this age range.
- 87% of the respondents said they currently attend Alateen face-to-face meetings, and they like this type of meeting format.
- “People” was the most frequently used word in the Alateen members’ responses to the question, “What is your favorite thing about Alateen”?

The WSO thanks the Alateens who participated, and everyone who helped to spread the word about the survey.

Check out the July issue of *The Forum* magazine for more results from the survey. Find interesting information like this along with sharings from members across the United States, Canada, Puerto Rico, and Bermuda every month in *The Forum*.
