

Alateen Coordinator Report

LA Area 22 Assembly May 22nd, 2021 & AWSC May 23rd, 2021

- Thanks to ALL who attended our Area AMIAS touch base zoom on May 2nd. Shout out to Tammy- Delegate and Randy- AAPP for giving updates and information on Alateen. 13 AMIAS attended, and we discussed many points; training, updates to Alateen Preamble and re-certification to name a few.
- Thanks to all the support Alateen is receiving, however, Alateen meetings are struggling statewide, so continued and expanded support is appreciated. We need help by announcing Alateen in every single Al-Anon meeting and stressing this is a family disease that takes family recovery. Please make sure all local AA meetings have access to the information as well.
- Here is a highlight of an Alateen pamphlet: **Alateen Newcomer Packet K-18**
Great packet to have available at ALL Al-Anon and Alateen meetings!
The packet welcomes new Alateen members with helpful leaflets assembled in a booklet, including M-9, P-21, P-41, P-67, and S-20. While this is for Alateen, it would be great to have at Al-Anon meetings for family or a friend to take and share when needed.

- Area Safety and Behavioral Requirements are moving ahead, hopeful timeline is:
 - a. LA lawyer must review them, goal is July.
 - b. AWSC for a vote, goal is August.
 - c. WSO for approval, goal is August.
 - d. LA lawyer must review changes.
 - e. Assembly for a vote, goal is November.
- We still have a unique opportunity for local AMIAS, (Al-Anon Members Involved in Alateen Service), to “bring” teens to the LA Alateen Zoom to help build up a local meeting. Reminder, any Alateen in LA Area 22 can attend any LA Alateen electronic meeting. However, no Alateen from outside of the state will be allowed to attend Alateen meetings in LA Area 22 even with their AMIAS.

Randy W. AAPP, (Area Alateen Process Person):

I am addressing the Area 22 required reoccurring 3-year background check to bring current as well as including a national check. Finally, the WSO required Annual Alateen Recertification is currently underway and must be completed by 6/15/2021. However, it should be fully completed prior to Assembly.
