

Now that you are excited about our use of technology in our Outreach efforts, here is the pdf- a gift from Washington's Public Outreach.

Al-Anon members are free to incorporate into projects coordinated by AIS (intergroups), District and Group-level Public Outreach activities.

You can localize with a sticker listing your AIS website and the office contact information. Use your imagination and let's get these OUT!

Stretch a bit and reach out with our array of Public Outreach tools at al-anon.org Proceed to Members section and enter Public Outreach in the search.

Thank you for your service and for trusting me to lead Louisiana in Public Outreach: Public Information, Outreach to & Cooperation with Professional Community and all that encompasses; Outreach to Institutions.

WE can each do our part for Al-Anon.

Let's do our best to make it easier for Louisianans to become aware of, to learn about Al-Anon and Alateen and to readily locate meetings when they're ready to try our program of recovery.

Let the hand of Al-Anon always be there
