On September 22 our Magazine Editor, Carol Cowan, held an information sharing meeting for the Forum Coordinators. We discussed adapting to new technologies and the different meeting and event formats. Several fellow Forum Coordinators provided their input on activities such as Writing Workshops and using the Forum in the meetings. Lots of encouragement and possibilities were provided. I am looking forward to our next meeting! I felt I had much more information about the Forum, its purpose and my part in its function in Al-Anon World Service when this meeting concluded.

Carol is also providing sneak peaks of the upcoming Forums such as how healing followed a member's practice of gratitude or one member's internal "monster" and how she deals with it in her AFGCONNECTS updates.
